In the Matter of

**FIRST STATE BANK OF PURDY PURDY, MISSOURI
(Insured State Nonmember Bank)
ORDER TO CEASE
AND DESIST
FDIC-92-174b**

First State Bank of Purdy, Purdy, Missouri ("Bank"), having been advised of its right to a Notice of Charges and of Hearing detailing the unsafe or unsound banking practices and violations of law and/or regulations alleged to have been committed by the Bank and of its right to a hearing on such alleged charges under section 8(b) of the Federal Deposit Insurance Act, 12 U.S.C. § 1818(b), and having waived those rights, entered into a STIPULATION AND CONSENT TO THE ISSUANCE OF AN ORDER TO CEASE AND DESIST ("CONSENT AGREEMENT") with counsel for the Federal Deposit Insurance Corporation ("FDIC"), dated June 3, 1992, whereby solely for the purpose of this proceeding and without admitting or denying any unsafe or unsound banking practices or violations of law and/or regulations, the Bank consented to the issuance of an ORDER TO CEASE AND DESIST ("ORDER") by the FDIC.

The FDIC considered the matter and determined that it had reason to believe that the Bank had engaged in unsafe or unsound banking practices and had violated laws and/or regulations. The FDIC, therefore, accepted the CONSENT AGREEMENT and issued the following:

ORDER TO CEASE AND DESIST

IT IS HEREBY ORDERED, that the Bank, its institution-affiliated parties, as that term is defined in Section 3(u) of the At, 12 U.S.C. § 1813(u), and its successors and assigns cease and desist from the following unsafe and unsound banking practices and violations of law and/or regulations:

- A. operating with an excessive volume of adversely classified assets;
- B. engaging in hazardous lending and lax collection practices, including maintaining an excessive volume of adversely classified loans;

- C. operating with inadequate Tier 1 capital for the kind and quality of assets held;
- D. engaging in violations of applicable laws and regulations;
- E. operating with management whose policies and practices are detrimental to the Bank;
- F. operating with deficient or inadequate loan documentation, including but not limited to current financial statements, insurance coverage, title searches or legal opinions, and cash flow and/or operating information;
- G. failing to provide adequate supervision and direction over the affairs of the Bank to prevent unsafe or unsound practices and violations of law and/or regulation;
- H. paying excessive cash dividends in relation to the Bank's net income and/or capital position; and
- I. operating with an inadequate allowance for loan and lease losses for the volume, kind and quality of loans held.

IT IS FURTHER ORDERED, that the Bank, its institution-affiliated parties, and its successors and assigns, take affirmative action as follows:

[.1] 1. (a) (i) No more than 60 days from the effective date of this ORDER, the Bank shall have and thereafter retain qualified management. Such management shall include a qualified senior [{{8-31-92 p.C-2389}}](#) lending officer who shall be given stated written authority by the Bank's board of directors, including responsibility for implementing and maintaining the lending policies of the Bank. The senior lending officer shall have an appropriate level of lending, collections, and loan supervision experience to perform the duties assigned to that individual by the Bank's board of directors. The Bank shall promptly notify the Regional Director of the FDIC's Kansas City Regional Office ("Regional Director") of the identify of said senior lending officer. Prior to the addition of any individual to the board of directors or the employment of any individual as a senior executive officer, the Bank shall comply with the requirements of section 32 of the Act, 12 U.S.C. § 1831i, and section 303.14 of the FDIC Rules and Regulations, 12 C.F.R. § 303.14.

(ii) The assessment of whether the Bank has "qualified management" shall be based upon management's conduct, both individual and joint, with respect to the Bank in: (A) complying with the requirements of this ORDER; (B) complying with applicable laws and regulations; and (C) not engaging in any unsafe or unsound banking practice which has an adverse effect on the Bank's asset quality, capital adequacy, earnings, or liquidity.

[.2] (b) No more than 60 days from the effective date of this ORDER, the board of directors shall develop a written analysis and assessment of the Bank's management and staffing needs ("management plan"), which shall include, at a minimum:

- (i) identification of both the type and number of officer positions needed to manage and supervise properly the affairs of the Bank;
- (ii) identification and establishment of such Bank committees as are needed to provide guidance and oversight to active management;
- (iii) evaluation of each Bank officer, and in particular the chief executive officer, and staff member to determine whether these individuals possess the ability, experience and other qualifications required to perform present and anticipated duties, including adherence to the Bank's established policies and practices, and maintenance of the Bank in a safe and sound condition; and
- (iv) a plan of action to recruit and hire any additional or replacement personnel with the requisite ability, experience and other qualifications, which the board of directors determines are necessary to fill Bank officer or staff member positions consistent with the board's analysis, evaluation and assessment as provided in paragraphs 1(b)(i) and 1(b)(iii) of this ORDER.

(c) The written management plan and any subsequent modification thereto shall be submitted to the Regional Director for review and comment. No more than 30 days from the receipt of any comment from the Regional Director, and after consideration of such comment, the board of directors shall approve the written management plan and/or any subsequent modification thereto which approval shall be recorded in the minutes of the board of directors. Thereafter, the Bank and its institution-affiliated parties shall implement and follow the written management plan and/or any subsequent modification.

(d) (i) No more than 90 days from the effective date of this ORDER, the board of directors shall prepare a list of potential candidates for the board of directors for consideration by the shareholders of the Bank. The list of potential candidates shall include individuals who are independent with respect to the Bank, in such number that, if elected, would cause a majority of the board of directors to be independent with respect to the Bank. The actions taken in identifying

potential candidates, including any communication with such individuals, shall be documented and made a part of the minutes of the board of directors. Copies of these board minutes shall be provided to the Regional Director no more than 120 days from the effective date of this ORDER.

(ii) At the next meeting of the shareholders of the Bank, and at each succeeding meeting of the shareholders at which Bank directors are to be elected, the members of the board of directors who are also shareholders shall nominate and support the election of candidates to the board of directors who are [{{8-31-92 p.C-2390}}](#) independent with respect to the Bank and who have agreed to stand for election to the board of directors, in such number as are necessary to cause a majority of the board of directors to be and to remain independent with respect to the Bank.

(iii) For purposes of this ORDER, an individual who is "independent with respect to the Bank" shall be any individual (A) who is not an officer or director of the Bank, any subsidiary of the Bank, or any of its affiliated organization and who does not own more than 5 percent of the outstanding shares of the Bank or any of its affiliated organizations, (B) who is not related by blood, marriage or common financial interest to an officer or director of the Bank, any subsidiary of the Bank, or any of its affiliated organizations or to any stockholder owning more than 5 percent of the outstanding shares of the Bank, any subsidiary of the Bank, or any of its affiliated organizations, and (C) who is not indebted to the Bank, directly or indirectly (including the indebtedness of any entity in which the individual has a substantial financial interest), in an amount exceeding 5 percent of the Bank's total equity capital and allowance for loan and lease losses.

(e) Effective the date of this ORDER, the Bank's board of directors shall meet at least monthly. The board shall prepare in advance and shall follow a detailed written agenda at each meeting, which shall include consideration of actions of any committees. Nothing in the foregoing sentence shall preclude the board from considering matters other than those contained in the agenda. Detailed written minutes of all board meetings shall be maintained and recorded on a timely basis.

[.3] 2. No more than 10 days from the effective date of this ORDER, the Bank: (a) shall eliminate from its books, by charge-off, collection, or other proper entries, all assets or portions of assets classified "Loss" as of September 27, 1991; and (b) shall either (i) eliminate from its books by charge-off, collection, or other proper entries, or (ii) if the asset is an extension of credit or lease, increase its allowance for loan and lease losses by an amount equal to 50 percent of those assets or portions of assets classified "Doubtful" as of September 27, 1991, which have not been previously collected, charged off, or otherwise eliminated by other proper entries. Reduction of these assets through use of proceeds of loans made by the Bank does not constitute collection for the purpose of this paragraph.

[.4] 3. (a) As used in this ORDER, "allowance for loan and lease losses" ("allowance") means the same as the term in section 325.2(a) of the FDIC Rules and Regulations, 12 C.F.R. § 325.2(a), and in the Instructions for Preparation of Reports of Condition and Income ("Instructions").

(b) The Bank shall have and maintain an adequate allowance in accordance with the requirements of the Instructions.

(c) Reports of Condition and Income required to be submitted by the Bank as of each Report date, as that term is used in the Instructions, between and including December 31, 1991, and the effective date of this ORDER, shall, at a minimum, reflect an allowance maintained in accordance with the Instructions. If necessary to comply with this paragraph, the Bank shall file amended Reports of Condition and Income within 10 days from the effective date of this ORDER.

(d) Prior to the submission of any Report of Condition and Income required to be filed by the Bank after the effective date of this ORDER, the board of directors of the Bank shall: (i) review the adequacy of the Bank's allowance, (ii) provide for an adequate allowance, and (iii) accurately report the allowance in any such Report of Condition and Income. The minutes of the board meeting at which such review is undertaken shall indicate the results of the review, including any increases in the allowance, and the basis for determining the amount of allowance provided.

[.5] 4. (a) As used in this ORDER:

(i) "Tier 1 or core capital" ("Tier 1 capital") means the same as the term in section 325.2(m) of the FDIC Rules and Regulations, 12 C.F.R. § 325.2(m).

(ii) "Noncumulative perpetual preferred stock" means the same as the term in section 325.2(j) of the FDIC Rules and Regulations, 12 C.F.R. § 325.2(j).

(iii) "Total assets" means the same

as the term in section 325.2(n) of the FDIC Rules and Regulations, 12 C.F.R. § 325.2(n).

(iv) "Securities" means common and noncumulative perpetual preferred stock.

(b) No more than 30 days from the effective date of this ORDER, the Bank shall increase its Tier 1 capital by not less than \$900,000. Such increase in Tier 1 capital may be accomplished by:

- (i) the sale of new offerings of common or noncumulative perpetual preferred stock;
- (ii) the sale of outstanding shares by the Bank's shareholders to any investor who has the financial capability to make the additions to the Bank's Tier 1 capital required by this paragraph 4(b);
- (iii) the direct contribution of cash by the shareholders and/or directors of the Bank;
- (iv) the collection of all or part of assets classified "Loss" or "Doubtful" as of September 27, 1991, without loss or liability to the Bank, provided any such collection on a partially charged off asset shall first be applied to that portion of the asset which was not charged off pursuant to paragraph 2 of this ORDER. Collections on loans or leases classified "Loss" or "Doubtful" which have been charged off shall be credited to the Bank's allowance and, if the board of directors' review of the adequacy of the allowance required by paragraph 3 of this ORDER indicates that such allowance has a balance in excess of that required for adequacy, any such excess may only be transferred to Tier 1 capital through the income statement by a negative provision for the allowance;
- (v) the collection in cash of assets previously charged off, except that any collections on previously charged off loans or leases shall be accounted for in accordance with the requirements of the second sentence of paragraph 4(iv) above. "Assets previously charged off" means any asset charged off other than assets classified "Loss" or "Doubtful" as of September 27, 1991;
- (vi) any combination of the above means; or
- (vii) any other means acceptable to the Regional Director.

(c) If all or part of the increase in Tier 1 capital required under paragraph 4(b) of this ORDER involves an offering, other than an offering deemed not to be a public securities offering pursuant to 17 C.F.R. § 230.506 or as hereafter amended, of the Bank's securities (including a distribution limited only to the Bank's existing shareholders), the Bank shall prepare detailed offering materials fully describing the securities being offered, including an accurate description of the financial condition of the Bank and of this ORDER as well as the circumstances giving rise to the offering, and any other material disclosures necessary to comply with the Federal securities laws. Prior to the sale of the securities, and, in any event, not less than 20 days prior to the dissemination of such materials, the materials used in the sale of the securities shall be submitted to the FDIC, Registration and Disclosure Section, 550 17th Street, N.W., Washington, D.C. 20429-9990 for review. Any changes requested in the materials by the FDIC shall be made prior to their dissemination. In addition, any terms and conditions of the issue of new securities shall be submitted to the Regional Director for prior approval.

(d) In complying with the provisions of paragraph 4(c) of this ORDER, the Bank shall provide to any subscriber and/or purchaser of Bank stock, written notice of any planned or existing development or other change which is materially different from the information reflected in any offering materials used in connection with the sale of Bank securities. The written notice required by this paragraph (d) shall be furnished within 10 days from the date such material development or change was planned or occurred, whichever is earlier, to every purchaser and/or subscriber of Bank stock who received or was tendered the information contained in the Bank's original offering materials.

(e) After appropriate entries for an adequate allowance are made in accordance with the requirements of paragraph 3 of this ORDER, but no later than June 30, 1992, the Bank shall have and maintain Tier 1 capital at or in excess of 7 percent of the Bank's total assets ("Tier 1 capital [{{8-31-92 p.C-2392}}](#)ratio"). From and after June 30, 1992, for purposes of calculating Tier 1 capital ratio, Tier 1 capital and total assets shall be the dollar amount reported in the Bank's most recent Report of Condition and Income.

(f) During the period this ORDER is in effect, if the Tier 1 capital ratio declines below 7 percent, the Bank shall, within 60 days after the date on which the said ratio so declined, submit a written plan to the Regional Director and the Missouri State Commissioner of Finance ("State Commissioner") for approval describing the means and timing by which the Bank shall increase such ratio up to or in excess of 7 percent. Upon receiving written notification of the approval of the plan, the Bank shall increase its Tier 1 capital ratio to equal or exceed 7 percent in accordance with the approved plan and shall thereafter maintain its Tier 1 capital ratio at or in excess of such level while this ORDER is in effect.

(g) The Bank's board of directors shall maintain in its minutes a written record of all actions taken by the Bank to comply with the capital requirements of paragraphs 4(b) through 4(f) of this ORDER, including, at a minimum, any action to increase its Tier 1 capital by each of the methods specified in paragraphs 4(b)(i) through 4(b)(vii) of this ORDER.

[.6] 5. (a) Within 30 days from the effective date of this ORDER, the board of directors shall develop a written plan of action to lessen the Bank's risk position in each line of credit aggregating \$50,000 or more which was classified "Substandard" or "Doubtful" as of September 27, 1991. In developing such plan, the Bank shall, at a minimum:

- (i) review the financial position of each such borrower, including source of repayment, repayment ability, and alternative repayment sources; and
- (ii) evaluate the available collateral for each such credit, including possible actions to improve the Bank's collateral position.

Based upon such review and evaluation, the written plan of action shall: (A) establish target dollar levels to which the Bank shall reduce the aggregate dollar volume of "Substandard" or "Doubtful" classifications within 6 and 12 months from the effective date of this ORDER; and (B) provide for the submission of written monthly progress reports to the Bank's board of directors for review and notation in the board minutes. As used in this paragraph, "reduce" means to (1) collect, (2) charge off, or (3) improve the quality of such assets so as to warrant removal of any adverse classification by the FDIC.

(b) The written plan of action described by paragraph 5(a) and any subsequent modification thereto shall be submitted to the Regional Director and the State Commissioner for review and comment. No more than 30 days after the receipt of any comment from the Regional Director, the board of directors shall approve the written plan of action, which approval shall be recorded in the minutes of the board of directors. Thereafter, the Bank and its institution-affiliated parties shall follow the written plan of action and/or any subsequent modification.

[.7] 6. Effective the date of this ORDER, the Bank shall not extend, directly or indirectly, credit to, or for the benefit of, any borrower who has a loan or other extension of credit with the Bank that has been charged off or classified, in whole or in part, "Loss," "Doubtful," or "Substandard," and in uncollected, unless a majority of the Bank's board of directors first (a) determines that such advance is in the best interest of the Bank, (b) determines that the Bank has satisfied the requirements set out in paragraph 5 of this ORDER as to such borrower, and (c) approves such advance. A written record of the board of directors' determination and approval of any advance under the terms of this paragraph shall be maintained in the credit file of the affected borrower(s) as well as the minutes of the board of directors. The requirements of this paragraph do not prohibit the Bank from renewing any credit already extended to the borrower.

[.8] 7. No more than 60 days from the effective date of this ORDER, the Bank shall review the Bank's written loan policies and shall record the results of such review in the board of directors' minutes. Thereafter, the Bank and its institution-affiliated parties shall follow the written loan policies.

[.9] 8. (a) Within 60 days from the date of this ORDER, the Bank shall establish an internal loan review and grading system ("System") to periodically identify, categorize, and monitor the Bank's potential problem extensions of credit. At a minimum, the System shall provide for:

- (i) assessing the overall quality of the Bank's portfolio of extensions of credit;
- (ii) the identification and amount of each delinquent extension of credit;
- (iii) (A) the identification of each extension of credit warranting the special attention of Bank management, and (B) a statement of the amount and the reason(s) why each extension of credit so identified merits special attention;
- (iv) credit and collateral documentation exceptions;
- (v) the identification and status of each extension of credit in violation of law, rules or regulations;
- (vi) the identification of each extension of credit not in conformity with the Bank's written lending policy, and any exception to such policy; and
- (vii) the identification of each extension of credit to any institution-affiliated party.

(b) The System shall also include a written procedure which shall require that at least once a month a written report shall be made to the board of directors on the status of each extension of credit identified under the requirements of paragraph 8(a), and any action taken by management with respect to each such extension of credit. The System shall also require that each written report submitted to the board of directors, as well as any documentation of any action taken by the Bank with respect to any extension of credit identified under the requirements of paragraph 8(a), including any action to strengthen or collect any such extension of credit, shall be maintained with and made a part of the board of directors' minutes.

[.10] 9. (a) No more than 30 days from the effective date of this ORDER, the Bank shall develop a written funds management policy which shall, at a minimum:

- (i) establish adequate recordkeeping systems to track the volume of (A) rate-sensitive assets and (B) rate-sensitive liabilities (rate-sensitive assets and liabilities are generally defined as those that either mature or can be repriced during a specified time period (90 days, 180 days, 1 year));
- (ii) establish a range of acceptable ratios for rate-sensitive assets to rate-sensitive liabilities sufficient to protect the Bank against excessive interest-rate risk and ensure that an adequate net interest margin is maintained;
- (iii) establish adequate recordkeeping systems to track the volume of (A) stable or core deposits and (B) volatile deposits;
- (iv) establish guidelines for offsetting a substantial portion of the Bank's volatile deposits and borrowings with liquid, short-term assets;
- (v) establish investment guidelines for funds derived from negotiable-rate certificates of deposit and borrowings, including a maximum large liability dependency ratio (a large liability dependency ratio means the percentage of loans plus other long-term earnings assets that may be funded by negotiable-rate certificates of deposit and borrowings);
- (vi) establish a range of acceptable loan-to-deposit ratios, taking into account seasonal deposit fluctuations;
- (vii) establish a borrowing policy which addresses: (A) when or under what conditions the Bank may borrow, (B) maximum amounts that may be borrowed, (C) a list of acceptable creditors, and (D) which officers are authorized to borrow;
- (viii) establish contingency plans for meeting large, unexpected withdrawals, which should include: (A) curtailing lending activity with priority given to specific types of credit and (B) establishing lines of credit with other financial institutions which will advance funds on short notice; and
- (ix) establish a funds-management committee to meet at least monthly to determine how best to allocate the Bank's available funding sources among various asset categories after reviewing: (A) the Bank's liquidity position, (B) outstanding commitments such as loan commitments and letters of credit, and (C) the Bank's rate-sensitivity position and net interest margin.

(b) The funds management policy shall be coordinated with the Bank's loan, investment, operating, and budget and profit planning policies.

(c) The written funds management policy and any subsequent modification thereto shall be submitted to the Regional Director and the State Commissioner for review and comment. No more than 30 days from the receipt of any comment from the Regional Director, the board of directors shall approve the written funds management policy and any subsequent modification thereto, which approval shall be recorded in the minutes of the board of directors. Thereafter, the Bank and its institution-affiliated parties shall follow the written funds management policy and/or any subsequent modification thereto.

[.11] 10. The Bank shall not pay or declare any cash dividends without the prior written consent of the Regional Director and the State Commissioner.

[.12] 11. (a) No more than 60 days from the effective date of this ORDER, the Bank shall correct the technical exceptions on loans noted on pages 2-d through 2-d-2 of the FDIC's Report of Examination of the Bank as of September 27, 1991.

(b) No more than 60 days from the effective date of this ORDER, the Bank shall correct the cited deficiencies in the loans listed for "Special Mention" on pages 2-b and 2-b-1 of the FDIC's Report of Examination of the Bank as of September 27, 1991.

[.13] 12. No more than 60 days from the effective date of this ORDER, the Bank shall eliminate and/or correct all violations of law and regulations committed by the Bank as described on pages 6-1 through 6-1-c of the FDIC's Report of Examination of the Bank as of September 27, 1991.

[.14] 13. (a) Effective the date of this ORDER, the Bank shall not engage in any transactions with or for the benefit of any affiliated or subsidiary entity, or any institution-affiliated party or any such party's related interests (collectively referred to as "affiliated interests") except (i) on terms and under circumstances, including credit standards, that are substantially the same, or at least as favorable to the Bank as those prevailing at the time for comparable transactions with or involving any entity which is not an affiliate or a subsidiary, or is not an institution-affiliated party or related interest of such party (collectively referred to as "nonaffiliated interests"), or (ii) in the absence of comparable transactions, on terms and under circumstances, including credit standards, that in good faith would be offered to, or would apply to,

nonaffiliated interests.

(b) The Bank shall support the basis for any transactions covered by paragraph 13(a) with documentation which shall be made a permanent part of the Bank's records and of the minutes of the board of directors' meeting at which such transactions were authorized. The documentation shall include, at a minimum:

- (i) the details of any transaction, including a description of any goods, services or real estate involved; and
- (ii) (A) a written comparison of the terms and circumstances, including the costs, comparing any such transaction with a similar transaction between the Bank and a nonaffiliated interests; or (B) in the absence of such comparison, a written analysis supporting any transaction as one that in good faith would be engaged in with a nonaffiliated interest.

(c) With respect to any transaction covered by paragraph 13(a) of this ORDER, complete details of each proposed transaction, including the documentation required by paragraph 13(b) and evidence of the Bank, shall be submitted to the Regional Director and the State Commissioner. Such information shall be received by the Regional Director and the State Commissioner at least 30 days prior to consummation of the proposed transaction. A written record of the board of directors' consideration, prior to consummation of any such transaction, of any comment received from the Regional Director and/or the State Commissioner during the 30-day period shall be included in the minutes of the board of directors.

[.15] 14. Following the effective date of this ORDER, the Bank shall send to its shareholders a description of this ORDER, (a) in conjunction with the Bank's next shareholder communication, and also (b) in conjunction with its notice or proxy statement preceding the Bank's next shareholder meeting. The description shall fully describe the ORDER in all material respects. The description and any accompanying communication, statement, or notice shall be sent to the FDIC, Registration and Disclosure Unit, 550 17th Street, N.W., Washington, D.C. {{8-31-92 p.C-2395}}20429, for review at least 20 days prior to dissemination to shareholders. Any changes requested to be made by the FDIC shall be made prior to dissemination of the description, communication, notice, or statement.

[.16] 15. The Bank shall furnish written progress reports to the Regional Director and the State Commissioner detailing the form and manner of any action taken to secure compliance with this ORDER and the results thereof every 90 days, beginning 90 days from the effective date of this ORDER. In addition, the Bank shall furnish such reports on request of either the Regional Director or the State Commissioner. All progress reports and other written responses to this ORDER shall be reviewed by the board of directors of the Bank and made a part of the minutes of the board meeting.

16. This ORDER shall become effective 10 days from the date its issuance.

The provisions of this ORDER shall be binding upon the Bank and its institution-affiliated parties, successors and assigns.

The provisions of this ORDER shall remain effective and enforceable except to the extent that, and until such time as, any provisions of this ORDER shall have been modified, terminated, suspended, or set aside by the FDIC.

Dated this 15th day of June, 1992.

Pursuant to delegated authority.
